

MAINSFLUSH STANDARD TOUCHPAD – STAINLESS STEEL, OVAL

SUMMARY

Designed to provide dual flush activation of the Mainsflush MFL140 toilet flush valve. The simple lines suit almost any wall surface. The solid engineering allows for use in the most demanding of locations and ensures a trouble free flush system. Highly vandal resistant and suitable for installation in any public area.

FEATURES

- Minimalist style touchpad with a clean, simple design
- Operates on touch sensitive technology
- Ideal for any environment which demands secure anti-vandal and abuse-resistant washroom equipment
- A gentle touch of the pad flushes the toilet
- Suitable for elderly and disabled users
- Strong, hygienic, secure and easy to install
- Can be located anywhere in the bathroom

MATERIALS

- 2mm stainless steel
- 120mm x 90mm

COLOUR

- Satin finish Stainless Steel with black flush logos

WARRANTY

- 12 Months

TECHNICAL INFORMATION

- Mainsflush part number: M3022
- Requires 240v power outlet
- Connects to the Mainsflush MFL140 valve
- Pre-set to provide a 2 second half flush and a 5 second full flush
- The touchpad has an in-built lockout period which requires a 5 second break between flushes
- Attaches by screws directly to wall surface or by using a standard power outlet mounting bracket
- Designed and made in Australia
- Protected by Australian and International patents, trademarks and registered designs
